

VACUUM PUMP FILTERS FOR ALL LEADING BRANDS

VACUUM FILTRATION
OIL SEPARATION FOR VACUUM PUMP

VACUUM PUMPS FILTERS

ASIANEX- designs and manufactures high efficiency filtration products for Vacuum Pumps and offers wide range of filters designed to fit most of the major vacuum pumps. These filters are designed to meet the specifications of the vacuum pump manufacturers. Our products are fully interchangeable with the original ones

VACUUM PUMP AIR FILTERS

ASIANEX - vacuum pumps air filters are designed to prevent dust and particulate matter from entering and exiting your vacuum pump are guaranteed of high level retention with available paper media such as polyster, glass fibre, carbon activated for special applications. All the filters are being tested under the condition of high-pressure and temperatures for excellent working condition.

OIL SEPARATOR

ASIANEX- also manufactures a range of vacuum pump oil separators which are extremely efficient and give a long working life. All the filters are being tested under the condition of high-pressure and temperatures for excellent working condition. Oil separator elements are installed directly into the exhaust box of the vacuum pump or to capture oil mist carried over from the lubrication process, allowing for recirculation, and reuse not only ensuring reduced maintenance and associated costs but can also reduce or minimize further filtration requirements.

Our dedicated in-house testing facility utilizes state-of-the-art testing techniques and equipment which allows Walker Filtration to guarantee unrivaled performance, via tailored test and qualification programs as well as the analysis of competitor and counterfeit products. Every oil separator element manufactured by Walker Filtration is DOP integrity tested as part of the production process, and each batch manufactured carries a unique serial number offering complete traceability to raw materials and manufacturing data for complete peace of mind.

RIGOROUS TESTING AND VALIDATION MAINTAINS THE HIGHEST LEVELS OF PERFORMANCE AND QUALITY – PROVIDING CUSTOMERS WITH COMPLETE PEACE OF MIND
